Letter of Recommendation

To whom it may concern:

Our office has been co-operating with «Aries Catering Service» for 1.5 years. They catered the Council of Europe Information Office opening ceremony in Armenia. We were extremely pleased with the provided service and since then we work exclusively with this catering Company. On each occasion they provided us with excellent food, fascinating display and superb service. Their prices are very reasonable given their unbeatable quality.

I strongly believe that Aries Catering is the leading catering company in the country.

I have no hesitation to recommend Aries Catering to anybody who is looking for unique quality, friendly service and affordable prices.

Sincerely,

Susan Marukhyan
Director
